

Arms Embargo

Chorus:

Behind closed doors we conduct our secrets wars with unjust
Ties to the cash that runs us
America that funds us

Arms embargo
Foreign cargo
Cold war excess
Corporate nexus
Wholesale prices
Mac 10 vice grips
Warzone cashcrop
Rumsfield Ashcroft
Guns trade
Funds paid
High cost
Life lost
Drop zone coordinates
Fragmentated ordinance
CIA subordinates
Weapons salesmen
Justice fails men
Secrets kept in quiet wars

Greedy leaders green-eyed fevers
Deadly traffic
Bloody graphic
Exit wounds
Unmarked tombs
Gunned down children
Run down buildings
Third world playground
Guns up
Stay down
Fundage paid now
No one say how

Sixty millimeter mortars cross the borders
Un-inspected, weapons crates and rifles undetected
Blind-eye syndrome
See no evil

Murder people
Bloody money
Secrets kept in quiet wars

Chorus

War is a wealthy transaction
Played by the numbers and the fractions
Raised by the fighting of the factions
Gauged by the popular attraction

We sell the weapons then we sit back
We make the cash off the “click clack”
We got the connections and we on this
We receive the contract from the congress

Russian surplus sanctions worthless
Import export
This port next port
Combat melee
Corporate payday
Cash in cash out blast in blast out
Treaties undid
See these gunships
Rockets half price
Stop it that's right
You can't
I can't
Kiss kiss bang bang
Corporate Slang gang
Moral vacuum nation sculpting
Armed revolting
Peace time poor time
Punch clock wartime
Lost truth cost proof
Exponential cash potential
Quiet wars
